

- (b) if so, what initiative has been taken, so far, in this regard;
- (c) whether any success has been achieved as a result thereof; and
- (d) if so, what are the details in this regard?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI JASWANT SINGH):
 (a) to (d) As a victim of cross border terrorism for many decades India has played an active role in drawing the international community's attention to the need to prioritise the fight against terrorism through enhanced cooperation. Over the years we have repeatedly pointed out that terrorism is a global phenomenon whose destructive reach and lethal potential has been enhanced by global networks of illicit trafficking in drug, money laundering and arms smuggling. The horrific terrorist attacks on September 11 have further underscored the urgent need for a comprehensive and coordinated international approach to combat terrorism.

Against this background, India has initiated a Comprehensive Convention on International Terrorism aimed at plugging loopholes and gaps in the 12 sectoral conventions on terrorism. In the three rounds of discussions on this Convention in the UN a high degree of convergence on most aspects of the Convention has been achieved.

The need to combat terrorism is also taken up in all bilateral interactions and Joint Working Groups on Terrorism have been set up with key countries.

There is heightened awareness and enhanced cooperation amongst the international community for combating terrorism.
